DETAILED ACTION

Claim Rejections - 35 USC § 101

1. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 38-40 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. “computer readable storage medium” does not fall in the category of: machine process or composition of matter because it is defined as “modulated data signal” in the specification page, 9, lines 6-27. Therefore “computer readable storage medium” is a signal and is not a tangible matter, it is nonstatutory subject matter.

Claims 1, 3-28 are rejected under 35 U.S.C. 101 for being a process running by the computer readable storage medium describe in claim 38.

Allowable Subject Matter

2. **Claims 29-37** are allowed.

Response to Arguments

3. Applicant's arguments with respect to **claims 1, 3-28 and 38-40** have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
